Agenda, October 1, 1999  
CCGB Meeting

1. Approval of Minutes from the September 17, 1999 meeting  
2. Undergraduate Announcements
3. Ethical Reasoning
4. CPC and CS 100/CS 211
5. Biology

CCGB Minutes  
September 17 1999

Members:  J. Bartsch, R. Cleary, M. Duncan, F. Gouldin, J. Jenkins, R. Kay, P. Kintner, M. Thompson, C. Van Loan

Absent:  D. Cox, B. East, J. Hopcroft, L. Lion, M. Miller, F. Wise

Ex-Officio:  M. Fish, ,T.Healey, J. Herrera, D. Maloney Hahn, F. Shumway, S. Youra

Other:  C. Pakkala

Approval of Minutes:  The minutes of September 10, 1999 were approved as written.

Undergraduate Announcements:  Fran Shumway (Advising) announced that a parent handbook is being written. She requested contributions from each department in the following areas: Subject Areas, Careers, and Notable Alumni.

ASPAC Policy Proposal:  Dan Maloney Hahn (Engineering Advising). A vote was taken on this proposal. There were 8 votes in favor of the proposal and 2 abstaining votes.

Applied Math Minor:  Jim Jenkins (T&AM) stated that the only reason this minor was not approved in the past was because of the unease that it wasn’t as rigorous a program as that of the other minors. It has since been refined to become that rigorous. This proposed minor was voted on and unanimously approved.

ABET 2000:  Tim Healey (Assoc. Dean) distributed handouts and did a short overhead presentation on ABET 2000. He stated that there is a lot of information available from schools who have gone through this process. He suggested that perhaps Michigan State University’s ABET experiences could be used by Cornell as a reference. He asked if there were any ABET enthusiasts known, but none of the CCGB members appeared to know of any. Paul Kintner (EE) suggested that perhaps Dean Hopcroft could bring up the subject of ABET at the October Engineering Advisory Committee (EAC) Meeting.

The meeting adjourned at 8:37 a.m.
