Please complete and bring this form along with a copy of your resume to the Co-op & Career Services Office (201 Carpenter Hall) on the day of your mock interview.

Tell us about the position, type of work, field, and/or employer with whom you plan to interview.

What are your overall career goals? (A general overview is fine)

List three questions you find or anticipate to be the most difficult to answer in the job interview (Refer to the Career Guide for sample questions).

Questions to think about ahead of time:
An interview is also an opportunity to tell the interviewer why you believe you should be offered the job. Ask yourself why you believe you are the best candidate for the position you are seeking. Develop a statement addressing what you would say about yourself.

The interview is a two-way street. You must be prepared to ask questions that will help you decide if you want a particular job, internship or co-op. Write two to three questions that are important to you.
